

Social Care Network Reference Tool:

Enhanced Services Screening to HRSN Services Code Mapping

This reference tool provides the coding to be utilized for each of the following activities:

- Accountable Health Communities Screening tool (LOINC coding system)
- Eligibility Assessment (ICD10 and SNOMED coding systems)
- Service referral and billing (SNOMED, HCPCS + modifiers/rate code coding systems) for **Enhanced Services**, only

Description:

As well as the recommended association between:

- Screening responses and Eligibility Assessment codes, and
- Eligibility Assessment codes and **Enhanced Service** codes

The reference tool is organized by the service domains of: screening, care management, housing, nutrition and transportation.

1) Identify if the Member is eligible for Enhanced Services

- If the member **meets eligibility criteria for Enhanced Services**, this reference tool is appropriate for use

2) Tab: "Screening" - Code the interaction with the Member for the Screening activity

3) Tab: "Care Management"

- Identify the questions for which the Member screened positive (#'s 1-12). Code the relevant LOINC codes
- All Medicaid Managed Care Members who meet the criteria for Enhanced Services and are assessed to have the noted ICD10 conditions are eligible to receive the services within the **red box**
- Identify the questions for which the Member screened positive and proceed to the right from the positive response and review the appropriate Eligibility Assessment codes (ICD10/SNOMED) and Service codes (SNOMED/HCPCS + modifiers/rate code) for the Member.
- **A Member must meet the service-specific social risk and clinical criteria in order to be eligible to receive the service.**

Use:

4) HRSN Service Tabs: "Housing", "Nutrition", "Transportation"

- Locate the Member's positive screening response(s) across the domains of Housing (questions #1-3), Food (questions #4, 5) and Transportation (question #6)
- Proceed to the right from the positive response to review the appropriate Eligibility Assessment codes (ICD10/SNOMED) and Service codes (SNOMED/HCPCS + modifiers) for the Member. **A Member must meet the service-specific social risk and clinical criteria in order to be eligible to receive the service.**

Notes:

"Navigator Guidance" is provided to further support the appropriate use of suggested codes.
